# Official Program Street Carnival

## Grand Naval Parade, Yacht Race, Arrival of King, Elks Unique Parade, Brilliant Fireworks, Merchants' Display, Flower Parade, Allegorical Parade and Crowning of Queen.

On next Thursday and Friday, the  
25th and 27th, the results of six weeks  
hard work by the committee of Pa-  
ducah's great Merchants' Carnival, dur-  
ing which this business will be prac-  
tically suspended and everything given  
over to merry-making.

The promoters who have had charge  
of and made a great success of the  
scheme deserve great credit, as this is  
the first time the citizens of Paducah  
have ever attempted an entertainment  
of this description, having encountered  
obstacles without number, which, by  
hard work and shrewd judgment,  
they have been able to overcome, clear-  
ing the track of all obstacles, the re-  
sult of which will not only be a  
credit to the promoters, but to the  
city at large.

A great many of our sister cities  
have attempted entertainments of this  
character with success, and our labors  
have also been crowned with glorious  
success, which will cause Paducah  
to be a household word, both com-  
mercially and socially, by the comments  
of the thousands of visitors to this  
section, whom we are prepared to en-  
tertain royally.

The following is the programme of  
the entire entertainment of both days  
if the facilities:

**FIRST DAY, OCT. 26.**

On the morning of the first day, the  
25th, at 10 o'clock, will occur the grand  
naval parade in the river at the foot  
of Broadway, in which a large number  
of steamers of all descriptions will  
participate, decorated in a most appro-  
priate manner.

At 11 o'clock the steamboat race will  
occur and a very handsome prize  
awarded the winner, which will be  
contested for by some of the swiftest  
boats on Western waters, and which  
will be decided by competent and dis-  
interested parties.

At 2 o'clock in the afternoon the  
yacht race will occur, in which the  
beautiful yachts Brookhill and Wil-  
moth and others will contest for su-  
periority of speed and also the prize  
of \$100 that will be offered. These  
yachts are beautiful crafts and will be  
decorated profusely for the occasion,  
during which very exciting times are  
expected.

At 4 o'clock in the afternoon the  
king will arrive with his fleet from  
up the river, which will be a very  
beautiful spectacle, the vessels under  
the command of his admiral steaming  
into the harbor, where he will be  
received amid the shrieking of whis-  
tles, ringing of bells, bands of music  
and a large concourse of representative  
citizens, at which the mayor in a very  
most appropriate speech will de-  
liver over to him the keys of the  
city, thereby asserting him that for  
the two days the city and everything  
contained therein is at his beck and  
call and that the citizens are over-  
joyed at his arrival, receiving him  
with open arms.

He will then be escorted, accom-  
panied by his admiral, staff officers,  
interpreters and retinue of servants, all  
of whom will be gorgeously costumed,  
to carriages, when the line of march  
will be taken up, as follows:

The procession will pass through the  
large gate to be erected at First and  
Broadway, on which, in large letters,  
will be given a cordial welcome by  
sides: "Welcome to our King;" thence  
under the handsome arch that is to  
be erected at Second and Broadway,  
and on to the Palmer, the first floor  
of which building will be placed at  
the disposal of the king and his fol-  
lowers.

Along the line of march the king  
will be given a cordial welcome  
by thousands of visitors and several bands  
of music, and the buildings will be  
immensely decorated with bunting,  
flags, streamers, etc.

At 7 o'clock in the evening the pa-  
rade that is to be given by the Elks  
will take place. The members of this  
order have been hard at work for some  
time, making their arrangements, or-  
dering their costumes, etc., and will  
give an entertainment of a very unique  
description, the character of which  
they do not desire to make public un-  
til the occurrence.

They will form at the corner of  
Third and Washington streets and  
march on to Washington to Seventh,  
down Seventh to Jefferson, on Jeffer-  
son to Ninth, in Ninth to Broadway  
and down First to Broadway, where  
they will disband.

electric star, golden wreath, bouquet  
and motor effects.

25. Flight of two mammoth saucers,  
described in No. 6.

26. Grand display of mammoth  
whirling dervishes, beginning with an  
illumination of changing colors, finally  
throwing high in the air hundreds of  
whirling dervishes, which, after going  
through a series of contortions, ex-  
plode with a loud report and disap-  
pear.

27. A display of extra heavy hum-  
ming birds. These are fired from mor-  
tars, which ascend high in the air,  
producing peculiar sounds in imita-  
tion of the humming bird.

28. Device—"Portrait of General  
Joe Wheeler." This will be a mam-  
moth set piece showing a life picture  
to perfection of the general. Size,  
12x16 feet.

29. A grand cross flight of twelve  
4-pound assorted fancy rockets in gold-  
en, wreath, magnesian and cluster of  
garnet effects.

30. Ascension of four mammoth  
thirty-inch shells in silver cloud, gold  
on rain and magnesian effects.

31. Flight of twelve 6-pound as-  
sorted rockets in electric cascade, dia-  
mond chain, festoon and floating star  
effects.

32. An ascension of one 36-inch  
shell, which, on reaching its altitude,  
explodes with a tremendous report, re-  
leasing various objects, representing a  
peacock device.

33. Device—"Man Behind the Gun."  
Size, 12x16 feet.

34. A flight of twenty-four 2-pound  
assorted fancy rockets in golden  
streamer, electric star and whistling  
effect.

35. A display of six 185-inch mam-  
moth shells in red, white and blue ef-  
fects.

36. A flight of two mammoth saucers,  
described in No. 6.

37. Grand cross flight of twelve 4-  
pound assorted fancy rockets in gold-  
en, wreath, magnesian and cluster of  
garnet effects.

38. A grand exhibition of mam-  
moth fireworks, including a continuous  
fire of varied stars, which will be  
heard hundreds of various musical  
notes in the air, making a novel ef-  
fect.

39. A flight of six golden umbrellas.  
40. A display of two 30-inch shells  
in magnesian effects.

41. A display of six 4-pound hang-  
ing chain and weeping willow rockets.  
42. A grand display of mammoth  
ferry comets, starting with a beautiful  
display of golden fire, which changes  
into an illumination, ending with a  
discharge of fireworks, high in the air,  
exploding with loud reports.

43. A flight of three 18-inch mam-  
moth shells in silver and golden rain  
effects.

44. Exhibition of six mammoth gold-  
en umbrellas. These are very pretty  
and represent open umbrellas to per-  
fection.

45. A flight of twelve 3-pound as-  
sorted rockets in novelty, weeping willow  
and cascade effects.

46. Grand flight of two mammoth  
saucers discharging hundreds of  
flying dragons, darting and hissing  
through the air and finally exploding  
with a report similar to the discharge  
of musketry.

47. Device—"Fiery Phoenix," con-  
sisting of one mammoth wheel with  
six surrounding wheels, revolving in  
different directions, throwing out a  
continuous stream of gold and silver  
sprays and showing varied colored  
lights, producing one of the grandest  
effects in pyrotechnics. Fire effect,  
40x40 feet.

48. A grand flight of forty-eight 2-  
pound assorted fancy exhibition rock-  
ets in parachute, lightning ascension  
and musical effects.

49. A flight of twelve 4-pound float-  
ing star rockets.

50. A display of six 18-inch mam-  
moth shells in chrysanthemum, silver  
cloud and golden rain effects.

51. Flight of two flying doves.  
These are one of the most amusing  
effects in fireworks, flying through the  
air from three to five hundred feet  
and returning to the starting point.

52. An ascension of three mammoth  
30-inch shells, showing the national  
colors in red, white and blue. This is  
something entirely new, and has never  
been shown before.

53. A display of twelve 3-pound as-  
sorted fancy rockets, in golden cloud,  
diamond chain, festoon and liquid fire  
effects.

54. A display of one mammoth 30-  
inch double shell. These shells, after  
exploding at a great height, produce a  
golden cloud and a large red ball of  
fire, which continues its upward flight  
for some distance, then explodes with  
an electrical effect, which quickly de-  
scends and is enveloped in a cloud of  
gold, producing a wonderful effect.

55. Device—"Automatic spreading  
fan and stars." This represents a  
mammoth closed Japanese fan, sur-  
mounted by two evolving stars. At-  
ter being ignited the fan gradually  
unfolds in gigantic proportions, dis-  
playing revolving scintillating jewels  
and five-pointed stars, producing fire  
effects 40x40 feet.

56. A flight of six 18-inch mam-  
moth shells, which, after reaching their  
height, explode with loud reports,  
showing all the colors of the rainbow.

57. Flight of two mammoth saucers,  
described in No. 6.

58. Flight of six umbrellas, describ-  
ed in No. 1.

59. A display of three 30-inch shells  
in magnesian effects. These are the  
finest shells ever shown. After reach-  
ing their altitude they explode with  
tremendous reports, turning night in-  
to day.

60. A grand flight of 48-pound weep-  
ing willow rockets. These rockets, af-  
ter reaching a great height, explode  
with a grand burst of golden fire,  
which descends gently to the ground,  
representing the long, hanging bran-  
ches of the willow tree.

61. Device—"American flag." This  
mammoth set piece will represent an  
American flag waving in the air.

62. Flight of one mammoth shell  
in golden chain and peacock  
plume effects.

63. Grand cross flight of twenty-  
four 3-pound assorted fancy rockets in

the court of appeals; attaching with  
thread, wire or fasteners such pam-  
phlets, bills, etc., as do not require  
covering, making into pads of any size.

### Notice.

On and after this date a charge will be made for the publication of resolutions of respect, obituary notices, cards of thanks, official notices of meetings of lodges, societies or other organizations, and all notices of church entertainments where a fee is charged or collection taken.

"The Old Reliable" St. Bernard Coal company are selling coal at the same prices. Lump 8c per bushel, nut 7c per bushel delivered, until further notice. Telephone No. 8 Office 427 Broadway.

—Buckate now. Don't wait for the rush.

—The people of the Southern end of the city are to petition the carnival committee to come at least to Broad street and from there to Sixth. They say Tennessee is too far down in the city for the parade to turn back and that when the committee thinks the matter over they will so decide. There are many citizens and lodges in the part of the city named and the committee can do them much good by extending their route as suggested.

—There were throngs of pedestrians on the streets yesterday. The city was a scene of activity.

—Republican speaking at the county court house tomorrow evening.

—The churches were well attended yesterday.

—Rev. W. H. Miley, of Marion, Princeton county, will arrive shortly to conduct a revival at the Second Presbyterian church. He is a very eloquent speaker and will doubtless do good work.

—Rev. W. K. Penrod, of the First Baptist church, returned yesterday from a revival at the city of Madison, Ky., where he did missionary and revival work. He drove 24 miles yesterday morning and got in time to attend Sunday school.

—George, the little son, of Dr. Graham, of the Massac section, fell from a bicycle yesterday afternoon and sprained both wrists. Dr. Lloyd dressed the injury.

—U. S. Postman J. R. Puryear was to have opened bids for the improvement of the custom house by painting and otherwise repairing it, but there was only one bid, and the time was extended until October 25th, next Sunday.

—If the weather will permit Paducah would do herself proud this week.

—A colored man on the farm of Mr. H. C. Allison, the tobacco man, had an eye knocked out by a bull a few days ago. His name could not be learned.

—A couple of trick bicycle riders are here for the carnival, and have attracted considerable notice giving exhibitions on the streets.

—All the Elks who can conveniently do so are requested to call at the hall and secure costumes to suit their measures.

—The Illinois Central pay car left this morning at 7 o'clock for the Louisville division, where it will arrive.

—Mrs. and Mrs. Carl Covington are happy over the arrival of a fine girl baby.

—Hon. Theodore H. Hallam, who spoke at Murray this forenoon, is to speak at Benton tonight.

—It is desired that all the test lights possible be turned during the parade next Friday evening, that the floats may be displayed to every advantage. The suggestion is made by the committee in charge that those lights be sufficiently supplied.

—Tom Cockaway, a white lad who was riding a bike, was run down on Broadway near Second, this morning by a negro boy who was driving a buggy. Young Cockaway was bruised painfully, but fortunately had no bones broken.

### \$100 Reward \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh, Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## DECEMBER AND MAY

Eloping Couple Arrested Here This Morning.

Ran Away From Princeton Last Night—Going to Metropolis to Marry.

Chief Hoyer last night received a telegram from the chief of Police of Princeton, Ky., asking him to keep a lookout for a man about 40 years old and a girl about twelve, who ran away from that place and were thought to be enroute to the city on a freight train. Nothing of the couple was discovered last night, but this morning Marshal Phillips and Officer Jones found the couple on the Richardson road, ready to start for Metropolis, and arrested them.

The man gave the name of Edward Hyde, occupation farmer, and age 32 to a reporter, and the girl, Sadie R. Brown, who claims she will be 16 in February.

"Yes, we were enroute to Metropolis to be married," he frankly admitted "when they took us off the boat."

"Did the young lady's parents object?" he was asked.

"Of didn't ask," was his reply. He claimed he had talked to the young lady's mother about marrying the girl, but evidently they eloped and the girl's mother objected and had them arrested.

The Princeton officers were notified and wired back that they would arrive by the first train.

The marshal arrived this afternoon from Princeton and the couple were taken back with him.

## ADELIN MORTON CUT.

Her Paranoir Slashes Her Once For Luck and Disappears.

Will Evans, colored, and Adeline Morton, also colored, who are very notorious in police circles, engaged in a fight on Washington street last night, and according to the reports that reached the ears of the police both were cut.

It is known the Morton woman was slashed across the thigh, the wound being about six inches long and two inches deep. It is a flesh wound and not dangerous.

Evans disappeared and it is reported was also cut. He is charged with murder in cutting, but if he goes away and never comes back, the police will consider the city fortunate in getting rid of such a nuisance.

## HAVE GONE TO CHICAGO.

Roadmaster Wallace and Contractor Katterjohn Leave.

Roadmaster H. E. Wallace, of the I. C., and Contractor Katterjohn, of the city, left this morning for Chicago, where Mr. Katterjohn will submit samples of his brick, which will be used in building the new Union depot.

The tracks of the Louisville division of the road will be thrown far over the work of which began today, in order to give the necessary space for the depot. The excavations will begin next Wednesday.

## BRONSTON TO SPEAK HERE.

Senator Charles J. Bronston, of Lexington, will speak at Morton's opera house, the city, on Wednesday evening at 7:30 o'clock. A large crowd will doubtless hear him.

## WEATHER INDICATIONS.

Fair and warmer tonight and Tuesday.

### FLAGS! FLAGS!!

Buy your flags for decorating from R. T. Clements & Co.

At Dubois & Co. will be found a great assortment of flags, festooning, etc. These lanterns with which to decorate your homes.

## COAL ADVANCED.

To the Public. Owing to the increased cost of producing coal and the unprecedented demand for our coal elsewhere, we see no good reason why we should continue selling coal here at less than cost. No one can ship coal here by rail as we are now doing and get out even selling lump coal at 8 cents per bushel. Hereafter our price for lump coal will be 10 CENTS PER BUSHEL and 9 CENTS FOR NUTS. All orders on our books unfilled will be filled at 8 cents per bushel for lump and 7 cents for nut. Respectfully, PADUCAH COAL AND MINING CO. ISSAC RUSS, Sec. and Treas.

## BEREAU OF INFORMATION.

In order that there may be ample accommodation for visitors during the carnival it is earnestly requested that all persons who can furnish rooms with or without board, will notify the undersigned at once, giving number that they can entertain and prices.

GEO. H. HAINES, Secretary. Wanted at Once. One hundred to make ties on Tennessee river. Good timber. Good board can be had at \$2 per week. Ties inspected and making paid for every two weeks. An investigation is to be held by the government inspectors to ascertain who is to blame for the collision between the Cherokee and the Columbus. It is claimed that the boats were racing, and that they were confined to a narrow channel on account of the low water, and not at a safe distance.

Since April. The damage resulting from the collision was slight, but it is said that the Columbus was in imminent danger of being destroyed and sunk. The reports to the Columbus were being made yesterday by the boat's carpenter.

The Louisville Commercial of last Saturday says: "At 10 o'clock this morning the automatic lock in the old canal at shipyard, which is better known as the 'bear trap,' will be opened up in full, and the stagnant water now in the canal and along the city front will shoot through it with the velocity of a mile a minute train of cars. This is an expensive feat, and the government engineers request owners of floating property along shore to evacuate their craft because of the fact that there is a telling what the result of the opening of the bear trap will be. This event will be one of the most interesting in the city today, and the best way to see it is to go to the Twenty-sixth street bridge early and secure position along the route of the old canal, which is about 300 yards long. It is believed the opening of the bear trap will create a current all along the city front and clean out the entire harbor, which needs it badly.

## RUSSIANS MARRY

They Do Not Understand a Word of English.

County Judge Tully Performs a Unique Marriage This Morning

Judge Tully performed a marriage this morning uniting a couple who could not understand a word he said in their own language, and whose answers to the ceremonial he could not understand, except through the interpreter who accompanied them.

The couple was John Kaniuski and Evelyn Kaniuski, aged 29 and 23 respectively, of St. Louis, and who came here to evade the Missouri law against marrying consins.

They are Russians, and could not understand of speak English. Rev. R. R. Van Housen, a priest, accompanied them as interpreter, and it was through him that they were married.

The ceremony took place at the residence of the bride's parents, 1012 North Second street. The bride is remarkably pretty, and the groom, quite handsome. The wedding cake of the bride's house was the reverend gentleman who had acted as interpreter.
